

Introducing the Fluval Aquasky LED

MONTREAL, CANADA (September 1, 2015) – Fluval is pleased to announce the launch of their Aquasky LED with COLOR MAX+ Light series. Aquasky is highlighted by its fully adjustable RGB + White light spectrum, which can be tailored for endless color blends to suit a wide variety of aquatic environments. SKYpad infrared remote control technology offers further customization with stunning effects like cloud cover, fading lunar, storm and lightning. Waterproof IPX7 engineering protects the light from splashing and even submersion, while also allowing the unit to be positioned directly above the water surface for superior light penetration and efficiency. Three model sizes, equipped with extendable mountain brackets, provide added versatility.

Exciting key features:

- Skypad Remote - Adjust your color & sky effects (up to 11 preset sky effects)
- 3 Year Limited Warranty
- Ultra Slim Design
- Waterproof
- Dimmable
- 50 000 Hours
- German engineered

About FLUVAL:

Fluval first broke onto the aquatic scene in 1975 by introducing the world's first 3-stage filter with synchronous motor technology - a landmark breakthrough that is still utilized in the industry today. Since then, Fluval has built a legacy around this pioneering spirit, relentlessly adapting to consumers' changing needs and tastes to build products that are not only at the forefront of technology, but also setting the bar in terms of quality, style and functionality. From filtration to heating, aquariums to food and water care, Fluval prides itself on creating innovative solutions for fresh and saltwater enthusiasts of all ages and skill levels.
